Compensation of Directors

Through September 2002, non-employee directors received an annual retainer of \$5,000 and a payment of \$2,000 for each Board meeting attended in person or, once a year, by telephone or video conference. In September 2002, the Company increased the annual retainer paid to non-employee directors to \$15,000 and approved payments of \$5,000 for each Board meeting attended in person or, once a year, by telephone or video conference. No additional retainer is paid for committee service. Directors who are not employees are reimbursed for their actual expenses relating to their attendance at Board of Directors meetings. In 2002, the Company paid Dr. Shooter \$15,000 and Drs. Brown, Gilman, and Goldstein \$30,000 each as members of the Scientific Advisory Board. These payments were discontinued effective December 31, 2002.

Pursuant to the Company's 1990 Long-Term Incentive Plan, which expired in 2000, each member of the Board of Directors who was not at the time of grant an employee of the Company or any subsidiary of the Company (an "Outside Director") received an automatic annual grant of an option to purchase 10,000 shares of Common Stock with an exercise price per share equal to the fair market value of a share of Common Stock on

the date of grant. The grant occurred on March 1 of each year prior to the expiration of the 1990 Long-Term Incentive Plan, including March 1, 2000. Pursuant to the 2000 Long-Term Incentive Plan, each Outside Director receives an automatic grant of an option to purchase 15,000 shares of Common Stock on the first business day after January 1 of each year, with an exercise price per share equal to the fair market value of a share of Common Stock on the date of grant. Options granted to Outside Directors under both the 1990 and 2000 Long-Term Incentive Plans are exercisable as to one-third of the shares on the anniversary of the date of grant in each of the three subsequent calendar years, and expire ten years following the date of grant. Options granted to directors in 2001 and 2002 included a "reload" provision. Outside Directors who use shares of Common Stock held for at least six months to pay the exercise price of options granted with reload provisions can receive a new option for a number of shares equal to the number of shares surrendered. The new option will be granted at an exercise price equal to the fair market value of a share of Common Stock on the date of grant and will have an expiration date that is the same as that of the initial option grant.

Upon his joining the Board of Directors in January 2003, the Company granted Mr. Ryan an option, pursuant to the 2000 Long-Term Incentive Plan, to purchase up to 25,000 shares of Common Stock at an exercise price of \$20.97, the fair market value of a share of Common Stock on the date of grant. This option vests in equal installments over three years and expires ten years following the date of grant. The option contains a "reload" provision as described above. If prior to the option's expiration or exercise Mr. Ryan ceases to be a voting member of the Board of Directors, then the portion of the option that at that time is not exercisable expires and the portion of the option, if any, that is exercisable may be exercised during the three months after he ceases to be a voting member of the Board of Directors.

In accordance with an agreement dated as of January 8, 1995 between Dr. Vagelos and the Company, Dr. Vagelos purchased 600,000 shares of Common Stock for \$300,000. He also received an option to purchase up to 285,000 shares of the Company's Common Stock at the fair market value of the Common Stock as of the date of grant, or \$3.50 per share. On December 31, 1998, Dr. Vagelos entered into a five-year employment agreement with Regeneron, pursuant to which, effective January 1, 1999, he became a part-time employee. Dr. Vagelos did not become an officer of Regeneron or change his title. His annual compensation as an employee in 2001 was \$100,000. In accordance with the employment agreement, the Company in 1999 issued Dr. Vagelos an option, pursuant to the 1990 Long-Term Incentive Plan, to purchase up to 162,500 shares of Common Stock at an exercise price of \$7.41 per share; the option vests over five years. In addition, the Company agreed to recommend to the Compensation Committee that Dr. Vagelos be granted additional stock option grants on or about January 1, 2000 through 2004 in the amount of the greater of (a) 125,000 shares or (b) 125% of the highest annual option grant made to an officer of the Company at the time of each respective year's annual grant to officers. On December 20, 1999, the Company issued Dr. Vagelos an option, pursuant to the 1990 Long-Term Incentive Plan, to purchase up to 187,500 shares of Common Stock at an exercise price of \$8.77 per share; the option vests over five years. On December 21, 2000, the Company issued Dr. Vagelos an option, pursuant to the 2000 Long-Term Incentive Plan, to purchase up to 250,000 shares of Common Stock at an exercise price of \$37.78 per share; the option vests over four years. On December 20, 2002, the Company issued Dr. Vagelos an option, pursuant to the 2000 Long-Term Incentive Plan, to purchase up to 312,500 shares of Common Stock at an exercise price of \$19.43 per share; the option vests over two years and contains a "reload" provision identical to the one described for Outside Directors. If Dr. Vagelos dies or is disabled while he is employed by Regeneron, all options granted by Regeneron to him will immediately become exercisable at the time of death or disability.

Employment Agreements

The Company entered into a new employment agreement with Leonard S. Schleifer, M.D., Ph.D., effective as of December 20, 2002, providing for his employment with the Company through December 31, 2003. Thereafter, unless notice is given by Dr. Schleifer or the Company, the term of the agreement shall continue on a year-by-year basis. During the term of his employment, the Company will pay Dr. Schleifer a base salary of not less than \$575,000, with such increases as may be determined by the Compensation Committee and approved by the Board of Directors. Under his employment agreement, Dr. Schleifer may participate in all Company benefit and incentive programs. During his employment term, the Company will maintain life insurance on Dr. Schleifer's life in the amount of \$1,000,000 payable to beneficiaries designated by Dr. Schleifer. Also under the employment agreement, the Company has agreed that in the event that Dr. Schleifer's employment is terminated other than for cause (as defined in the agreement) or is terminated by Dr. Schleifer for good reason (as defined in the agreement to include specified acts of constructive termination, as well as the first year following a change in control of the Company) (collectively, an "Involuntary Termination"), the Company will pay Dr. Schleifer an amount equal to 125% of the sum of his base salary plus his average bonus paid over the past three years, and continue to provide Dr. Schleifer and his dependents medical, dental, and life insurance for 18 months. The Company has agreed that in the event that Dr. Schleifer's employment is terminated for any reason other than for cause (as defined in the agreement), all of his unexercisable stock options will continue to vest in accordance with the terms of the applicable grant agreement and Dr. Schleifer shall be entitled to exercise the stock options during the original term of such options. Upon an Involuntary Termination within three years after a change in control of the Company or within three months prior thereto, the Company will pay Dr. Schleifer an amount equal to three times the sum of his base salary in effect plus his average bonus paid over the past three years, and continue to provide Dr. Schleifer and his dependents medical, dental, and life insurance for 36 months. If payments under the agreement resulting from a change in ownership as defined in Section 280G(b)(2) of the Internal Revenue Code exceed certain thresholds, then the Company will pay to Dr. Schleifer an additional amount to cover any excise tax obligations arising therefrom, unless such excise tax obligations could be eliminated altogether by reducing Dr. Schleifer's cash payments and benefits under the agreement by less than ten percent, in which case such benefits and payments will be reduced accordingly.

On March 6, 2000, the Company entered into an employment agreement with George D. Yancopoulos, M.D., Ph.D. providing for his employment with the Company through March 5, 2005. During the term of employment, the Company will pay Dr. Yancopoulos an annual base salary of \$370,000, with such increases as may be determined by the Compensation Committee and approved by the Board of Directors. Dr. Yancopoulos is also entitled to participate in all Company benefit plans and incentive plans provided to similarly situated executives of the Company. The employment agreement provides that in the event that Dr. Yancopoulos's employment is terminated (i) by the Company without cause, as defined in the employment agreement, (ii) by reason of the executive's death, or (iii) by reason of the

executive's disability, as determined in good faith by the Board, Dr. Yancopoulos, or his estate as the case may be, will continue to be paid his base salary and benefits payable under the agreement for the lesser of one year or the remainder of the term of the agreement. Under the employment agreement, Dr. Yancopoulos has agreed that he will not engage in activities which are in competition with the Company for a period of one year following the termination of his active employment with the Company.

For a description of the Company's employment agreement with P. Roy Vagelos, M.D., see "Compensation of Directors."

Indebtedness of Named Officers

In August 1994, the Company loaned Dr. Yancopoulos \$60,000. The loan is evidenced by a promissory note bearing interest at the rate of 6.83% per year. The loan, including all accrued interest, which, as of April 18, 2003, totaled \$95,387, becomes due and payable on August 21, 2004, unless Dr. Yancopoulos's employment with the Company terminates prior to that date.

Compensation Committee Report on Executive Compensation

The Company's executive compensation program is administered by the Compensation Committee, which is comprised of two directors who are not officers or employees of the Company. Subject to approval by the Board of Directors, the Compensation Committee is responsible for (among other things) determining the compensation package of each executive officer. The Compensation Committee considers the views and recommendations of other directors, including those of Dr. Schleifer, in making decisions regarding the compensation of the Company's executive officers.

The Company's executive compensation program is designed to promote the achievement of the Company's business objectives and, thereby, to maximize long-term corporate performance and shareholder value. The compensation of the executive officers consists of a combination of base salary, bonuses, and long-term stock-based incentives through the Company's 2000 Long-Term Incentive Plan. The Compensation Committee believes it is important for stock incentives to constitute a significant portion of the compensation package in order to help align executive and shareholder interests.

In determining the total amount and mixture of the compensation package for each executive officer, including Dr. Schleifer and the other Named Officers, the Compensation Committee and the Board consider numerous factors, the most important of which are (i) the Company's needs and objectives, including attracting, motivating, and retaining key management personnel, (ii) individual performance, including the expected contribution to the Company's objectives of each executive officer, (iii) compensation of persons holding comparable positions, including data obtained from outside studies and proxy materials on the payment of executive officers at comparable companies, as well as the Company's most direct competitors, and (iv) the overall value to each executive of his or her compensation package. No specific numerical weight is given to any of these factors.

The 2002 base salaries, bonuses, and other compensation of the Named Officers are shown in the Summary Compensation Table. The compensation package was determined by the Compensation Committee based on a review in late 2001 of individual performances for the past year, including the progress in the Company's preclinical and clinical programs, and other accomplishments that occurred during 2001. Target salary and bonus levels and long-term stock-based incentives were set based on a review of peer company data, including internal and outside compensation studies of competitive and regional factors.

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation over \$1 million to the Chief Executive Officer and the other Named Officers unless certain conditions are met. The Company's Chief Executive Officer and the other Named Officers have not received compensation over \$1 million.

CHARTER OF THE AUDIT COMMITTEE
OF THE
BOARD OF DIRECTORS OF
REGENERON PHARMACEUTICALS, INC.

I. Authority

The Audit Committee (the “Committee”) of the Board of Directors (the “Board”) of Regeneron Pharmaceuticals, Inc. (the “Corporation”) is established pursuant to Article II, Section 4 of the Corporation’s Bylaws and Section 712 of the New York Business Corporation Law. The Committee shall be comprised of three or more directors as determined from time to time by resolution of the Board. Consistent with the appointment of other Board committees, the members of the Committee shall be elected by the Board at the annual organizational meeting of the Board or at such other time as may be determined by the Board. The Chairman of the Committee shall be designated by the Board, *provided* that if the Board does not so designate a Chairman, the members of the Committee, by majority vote, may designate a Chairman. The presence in person or by telephone of a majority of the Committee’s members shall constitute a quorum for any meeting of the Committee. All actions of the Committee will require the vote of a majority of its members present at a meeting of the Committee at which a quorum is present.

II. Purpose of the Committee

The Committee’s purpose is to provide assistance to the Board in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting and internal control functions of the Corporation.

The Committee shall oversee the audit efforts of the Corporation’s independent accountants and, in that regard, shall take such actions as it may deem necessary to satisfy itself that the Corporation’s accountants are independent of management. It is the objective of the Committee to maintain free and open means of communications among the Board, the independent accountants and the financial and senior management of the Corporation.

III. Composition of the Committee

(a) Each member of the Committee shall be an “independent” director within the meaning of the Nasdaq Stock Exchange (the “Nasdaq”) rules and, as such, shall be free from any relationship that may interfere with the exercise of his or her independent judgment as a member of the Committee. Notwithstanding the foregoing, as permitted by the Nasdaq rules, under exceptional and limited circumstances, one director who does not meet certain of the criteria for “independence” may be appointed to the Committee if the Board determines in its business judgment that membership on the Committee by such person is required by the best interests of the Corporation and its stockholders and the Corporation discloses in the annual proxy statement the nature of such person’s relationship and the reasons for the Board’s determination. All members of the Committee shall be financially literate at the time of their election to the Committee or shall become financially literate within a reasonable period of time after their appointment to the Committee. “Financial literacy” shall be determined by the Board in the exercise of its business judgment, and shall include a working familiarity with basic finance and accounting practices and an ability to read and understand fundamental financial statements. At least one member of the Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting or any other comparable experience or background which results in the individual’s financial sophistication, including being or having been a chief executive officer, chief financial officer or senior officer with financial oversight responsibilities. Committee members, if they or the Board deem it appropriate, may enhance their understanding of finance and accounting by participating in educational programs conducted by the Corporation or an outside consultant or firm.

(b) Upon any changes in the composition of the Committee and otherwise approximately once each year, the Committee shall ensure that the Corporation provides Nasdaq with written confirmation regarding:

(i) any determination that the Board has made regarding the independence of the Committee members;

(ii) the financial literacy of the Committee members;

(iii) the determination that at least one of the Committee members has accounting or related financial management expertise; and

(iv) the annual review and reassessment of the adequacy of the Committee's charter.

IV. Meetings of the Committee

The Committee shall meet with such frequency and at such intervals as it shall determine is necessary to carry out its duties and responsibilities. As part of its purpose to foster open communications, the Committee shall meet at least annually with management and the Corporation's independent accountants in separate executive sessions to discuss any matters that the Committee or each of these groups or persons believe should be discussed privately. In addition, the Committee (or the Chairman or another designated member of the Committee) should meet or confer with the independent accountants and management quarterly to review the Corporation's periodic financial statements prior to their filing with the Securities and Exchange Commission ("SEC"). The Chairman should work with the Chief Financial Officer and management to establish the agendas for Committee meetings. The Committee, in its discretion, may ask members of management or others to attend its meetings (or portions thereof) and to provide pertinent information as necessary. The Committee shall maintain minutes of its meetings and records relating to those meetings and the Committee's activities and provide copies of such minutes to the Board.

V. Duties and Responsibilities of the Committee

In carrying out its duties and responsibilities, the Committee's policies and procedures should remain flexible, so that it may be in a position to best react or respond to changing circumstances or conditions. The Committee should review and reassess annually the adequacy of the Committee's charter. The charter must specify: (1) the scope of the Committee's responsibilities and how it carries out those responsibilities, (2) the ultimate accountability of the Corporation's independent accountants to the Board and the Committee, (3) the responsibility of the Committee and the Board for the selection, evaluation and replacement of the Corporation's independent accountants, and (4) that the Committee is responsible for ensuring that the Corporation's independent accountants submit on a periodic basis to the Committee a formal written statement delineating all relationships between the independent accountants and the Corporation and that the Committee is responsible for actively engaging in a dialogue with the independent accountants with respect to any such disclosed relationships or services that may impact the objectivity and independence of the independent accountants and for recommending that the Board take appropriate action to ensure the independence of the independent accountants.
